

About

Mangiante Photography offers three standard services for corporate events and reunions: group photographs, candid photos and portraits.

Group Photographs: This is our most popular service at both reunions and conventions. Prints can be pre-ordered by the organization, or orders can be taken at the portrait table. All photos ordered are printed and shipped to the customer the week following the event. If you have corporate divisions or other smaller groups, those are also done at this time.

Candid Photos: Party Pics® is a unique service to the Memphis area through which our roaming professional photographers will come to any event and take as many pictures as possible. Following the event, we display the proofs for viewing on our Web site at www.mangiantephot.com. Each person photographed at the event is presented with a card explaining how to access the photos on our Web site. Customers can order the prints they want and are under no obligation to make any purchases.

No other photography studio offers this service – Party Pics® is an exclusive product only offered by Mangiante Photography in this market. Photos come in a variety of sizes, ranging from 4x6 to 8x10 and larger.

Portraits: Portraits are taken with either a backdrop or a natural location. Our digital cameras allow each person an opportunity to see their photo right after we take it! We photograph each couple or group and offer an option to purchase that evening or online on our Web site. All photos ordered are printed and shipped to the customer the week following the event.
